

I. Universal Keyless Guided Surgery System Overview

Stop Drilling Into A Hole... It's Time To See and Be Free... C-guide™

Scan this QR Code to view our animation video.

The Versah C-Guide™ System is an innovative Universal Guided Surgery System. Its C-shape allows the clinician better irrigation, as well as full access to see and manage the osteotomy expansion with complete freedom to the modulation (in and out bouncing) preparation need for the Densah® Bur Technology. The open slots of the TeleStop™ key allow adequate irrigation. The Versah® TeleStop™ gauge provides a telescopic keyless guided surgery operation with the ability to manage multiple sites with different preparation depths with precision and ease.

*Not compatible with Nouvag, Saeyang Handpieces
